

## ANOTHER FIGHT IS ANTICIPATED

**Primary Bill Will Be Up For Final Passage Tomorrow.**

## GAG RULE IS ENFORCED

**Stormy Scenes in the Assembly Last Evening Discussing Primary Bill.**

## KICK BY PORTAGE COUNTY

Madison, Wis., March 21.—The primary election bill will come up in the assembly for final passage tomorrow, will be made a special order for ten o'clock when another fight is anticipated. The bill came from the committee on engrossment this morning and was referred to the committee on third reading, which is expected to report it back at this evening's session.

The bill apportioning the state into assembly districts was ordered to the third reading in the assembly today after an animated debate, in which members from Sheboygan and Portage counties, which are reduced, protested against the bill.

There was a long debate over the Owen bill permitting cities to charge franchises. Mr. Owen was still talking when the assembly adjourned.

The senate killed the bill giving professors of military science the title of colonel. The Stout bill providing for a board of commissioners for the St. Louis World's Fair was sent to the third reading.

## THEY RESORT TO GAG RULE

**Supporters of the Primary Bill Employ Rush Tactics.**

Madison, Wis., March 21.—Because Assemblyman Barlow of Juneau county could not be induced by threat or pleadings to fall in line with the rush tactics of the primary election bill's force the leaders of the supporters of the bill made a vicious attack on him last evening. They charged him with trying to hinder the advancement of the bill, intimated that he was not telling the truth and attacked him in a manner that has not been witnessed on either floor of the house in many sessions.

The whole affair proved to be a huge fiasco and all in the assembly chamber pronounced it to be the worst "break" that the friends of the bill had yet made this week.

By resorting to rush tactics and gag rule, by shutting off any possible chance for debate or an opportunity to offer amendments on the floor of the assembly, the primary election bill was ordered to engrossment and the third reading in the lower house at 7:15 o'clock this morning.

The vote was 56 to 41, but it is doubtful when the bill comes up for passage, whether or no the champions of the measure will be able to muster that strength. The same rush tactics that have predominated among the supporters of the bill are to be carried out in forcing the matter up for the final passage, but it is not probable that the bill can be taken up before the latter part of the week.

**Vote on the Bill.**  
The vote by which the bill was ordered engrossed and read a third time follows:

**FOR ENGROSSMENT.**  
Ainsworth, Hanson, Ray, Anderson, Henry, Roe, Benson, Hoag, Rogers, Babb, Higgins, Root, Brunson, F. Johnson, Rossman, Cady, H. Johnson, Sarau, Clark, Jones, Silkworth, Compman, Kralley, Sturdevant, Cook, Lund, Swenbolt, Dahl, Lenroot, Steiger, Duerrwaechter, McCormick, Erickson, McGill, Thompson, D. Evans, Jr., McMillan, Valentine, Fencelon, Manuel, Whitson, Frost, Middleton, Willott, Galeway, Overbeck, Yonck, Gilman, Park, Zinn—56.  
Haggerty, Rankl.

**AGAINST ENGROSSMENT.**  
Barker, Gagnon, Norton, Barlow, Gavia, Otton, Benson, Hartung, Oton, Burdau, Jensen, Pomrenning, Cleophas, Johnston, Schellenberg, Collins, Karel, Slade, Dodge, Katz, Smith, Dow, Keene, Soltwedel, Engor, Kern, Spratt, Ela, McCabe, Thiessenhusen, Elne, McComb, E. A. Williams, E. W. Evans, Moloney, J. C. Williams, E. W. Evans, E. A. Miller, Total—41.  
Finerty, Moser, Moldenbauer. Total—3.

**ABSENT OR NOT VOTING.**  
Esau, H. Miller.

**Both Sides Are Confident.**  
The action of the assembly has instilled the supporters of the bill with a great deal of confidence. Today they are making all sorts of claims, some saying that the bill will pass by a majority of twenty-five. On the other hand the opposition does not give up the fight and maintains that

there is still a chance to beat the bill in the assembly. While the supporters of the bill say they can also carry the senate, the belief is general that the bill will not have over twelve votes in the upper house.

**"Double Header" Bill.**  
The assembly committee on railroads spent yesterday afternoon hearing arguments on Mr. Galloway's bill prohibiting "double headers," as railway people call them, on trains, that is the practice of doubling up two trains with two engines and but one train crew to the great risk, the trainmen allege, of the lives of the trainmen and the general public in addition to adding almost impossible burdens to the old duties of the train crews.

**No Report on Marriage Bill.**  
The committee decided to report the Stout Marriage License bill providing that all candidates for marriage licenses must be proved to be free from hereditary disease, without recommendation, and the bill will probably be discussed on the floor.

**On Transient Merchants.**  
The assembly committee on state affairs acted favorably on Mr. Ainsworth's bill providing that all transient merchants and all other merchants who were suspected of not intending to settle permanently in any town could be compelled to furnish bonds for the payment of the license required by the city or village for transient merchants. The maximum license which can be collected was fixed at \$50 per day.

## PORK GOES STILL HIGHER.

**Price Is Sent to \$16.90 a Barrel on the Board of Trade.**

Chicago, March 21.—Pork for May delivery sold at \$16.90 a barrel on the board of trade yesterday, or 45 cents higher than the price for which it sold the day before. Shorts were bidding for it all though the session, but holders seemed not at all anxious to sell, only small lots being offered now and then when the price became tempting.

The anxiety of shorts is owing to the fear of a possible squeeze. Armour & Co. is said to be in a position to manipulate the market. The market for live hogs was also higher yesterday, the best grades selling at \$6 per 100 pounds, the highest price touched in over seven years.

## PHILLIP BOTHA IS KILLED IN BATTLE

**Brother of General Botha With His Two Sons Fall in Fight—British Troops Evacuate Vrede.**

Capetown, March 21.—Commandant Phillip Botha, brother of the General, Botha, was killed, in a fight with the British near Liendensburg, Transvaal, with his two sons. The Boers besieged the British garrison of Vrede in the extreme northeast of Orange Free State. Gen. Campbell was sent with a considerable force and went to their relief but was obliged to retreat after evacuating Vrede with two hundred and sixty wounded.

## CARNEGIE EVADED A HOST OF BEGGARS

**The Suggestion That He Be Nominated For Mayor of New York Does Not Please Him.**

Southampton, March 21.—With the aid of military and railway authorities Millionaire Carnegie, who arrived from America this morning, evaded the hosts of applicants for financial assistance and started for London. To a reporter he said he wouldn't be guided in giving by requests no matter how persistently made and treated as unworthy of a reply the suggestion of his nomination for mayor of New York.

## Black -alters Make Threats.

Metropolis, Ill., March 21.—Great excitement prevails in Metropolis over the receipt of an anonymous letter by the publishers of the Herald. The letter demands that \$1,000 in gold be left Thursday night at Fort Massac, the site of an old French fort on the Ohio above town. If the demand is refused the authors of the letter threaten to blow up the Herald plant with dynamite. The case is in the hands of the local authorities.

## RURAL DELIVERY AT EVANSVILLE

Washington, D. C., March 21.—Rural free delivery will be established at Evansville, Rock county, April 15. The service will cover an area of forty square miles with a population of 675. H. G. Hulgerford has been appointed carrier. The postoffice at Magnolia, Rock county, is to be discontinued and mail will be sent to Evansville.

Prof. N. R. Funk, a magnetic healer, has moved his family and household effects to this city, where he expects to locate.

## CABINET SEAT FOR ED. WOLCOTT FOR SECRETARY OF THE INTERIOR

**Colorado ex-Senator Said To Have Been Selected by the President To Succeed Hitchcock of Missouri—Wolcott Has Risen Rapidly.**

Pueblo, Col., March 21.—The Daily Chieftain says this morning: "It is definitely known here that Senator Edward O. Wolcott of Colorado, within a few days be appointed by the president to be secretary of the interior to succeed Mr. Hitchcock. The news has been received by friends of Mr. Wolcott in this city, the statement being made unequivocally, and it is indicated that the announcement will be made in Washington today or tomorrow."

This morning at the Pueblo club members are discussing a telegram received by one of their number last evening. The message is from E. O. Wolcott and states positively that he is to be appointed secretary of the interior to succeed Secretary Hitchcock. Rumors of this appointment have been current for some time, but this is believed to be the first definite information of the kind to reach Colorado.

Edward Oliver Wolcott was born in Long Meadow, Mass., March 26, 1848 and is the son of a Congregational minister. Soon after leaving Yale college he went to Chicago and began the practice of law. Not succeeding in the metropolis of the west, he, in company with his brother, Henry R. Wolcott moved to Colorado, where he found recognition.

He was elected to the United States senate to succeed Thomas M. Bowen, republican, and took his seat on March 4, 1889, and was reelected in 1895.

## PRESIDENT WILL TOUR FAR WEST

**Itinerary of the Pacific Coast Trip is Practically Settled Upon—Other Points To Be Made**

Washington, March 21.—The official itinerary of President McKinley's trip to the Pacific coast will not be out for several weeks, but it has been practically settled upon. The president will go from Washington to cities in the south on the way.

Thence he will go into Texas making short visits at Dallas and Galveston and possibly stopping at other small cities. The trip across western Texas, New Mexico, Arizona and southwestern California will be hurried, the first important stopping place on the Pacific coast being Los Angeles.

From Los Angeles the president and his party will go to San Francisco, where they will remain several days, participating in the launching of the battle ship Ohio and festivities which have been planned on an elaborate scale. On the north Pacific coast the president will go to Portland, Seattle and Tacoma.

After leaving Puget sound he will stop at one or two of the smaller cities in Washington, possibly in Idaho and will then proceed to Helena and Butte in Montana. He will then go to the Yellowstone park, entering it on the north and reentering his train on the south side of the park.

Mr. McKinley has never been in the great national park of the country and will therefore explore it as thoroughly as he can in two or three days. He will be whisked off to Salt Lake City, thence to Denver and Colorado Springs, where Secretary Long's daughter resides; thence to Topeka and Kansas City. Without making any stops of importance, his train will be hurried to Duluth, where he will embark upon a steamer for a trip down the great lakes to Buffalo.

On the way down he will probably stop for some hours at Cleveland and Detroit. He will arrive at Cleveland some time between the 10th and the 15th of June, where he will be the guest of the city and will participate in the exercises at the Pan-American exposition on President's day. This itinerary will enable the president to see the great west, which he has never before visited.

city. He wished to thank the people represented by the convention, and the republican electors of the city, for the honor bestowed upon him.

A. E. Badger appeared before the convention and thanked them for the nomination. He stated that if elected he would try and fulfill the duties of the office to the highest satisfaction of all, and with honor to himself.

W. J. McIntyre thanked the convention for the honors that they had shown him, and urged them to use their influence at the coming election to have the party vote as a unit. In which case there would be no question of defeat.

On motion the convention adjourned.

## KISS HELD UP BY SMUGGLING

**Incoming Tourists Must Withhold It Until Baggage Is Examined.**

New York, March 21.—The rigorous enforcement of the rules for the examination of baggage and other effects belonging to passengers on incoming trans-Atlantic liners proves most offensive to passengers who would not willingly cheat Uncle Sam out of a cent. Under the rules passengers are now forbidden to greet by a kiss or handshake members of their families or friends until the customs officials have finished the examination of their baggage. Indignant protests from press and public have proved of no avail. Among the latest victims of these new rules is former Representative Ben T. Cable of Rock Island, Ill. Mr. Cable, with his wife, their daughter Susana, and their son Philo, returned yesterday from Paris, where they had been living during the past four years. All their household goods, horses, carriages, etc., were brought over on the same ship. His wife and his daughter's trunks were ruthlessly overhauled. Some of their gowns were pronounced "too new" by the inspector and Mr. Cable was forced to pay duty on them. It is said he will appeal to the federal court in Chicago for a reversal of the inspector's decision.

## GREAT SNOW STORM IMPEDES TRAVEL

**Trains Are Delayed and Telegraph and Telephone Service Crippled in Northern Wisconsin.**

Milwaukee, Wis., March 21.—From all over the northern part of the state wires of all kinds are reported down, rail traffic interfered with, and telephones and street cars out of service. In the northern part it is snow and in the western and southern floods. The floods in this city closed the St. Paul shops where 2,600 men are employed, and the Falk Manufacturing Co. as well as many other places, were stopped by the freezing weather.

## LaCrosse Snow Bound.

La Crosse, Wis., March 21.—Over a foot of snow has fallen and a high wind has drifted it to such an extent that many roads leading to the city are impassable. The street cars are only partly in service.

## Oshkosh Almost Isolated.

Oshkosh, Wis., March 21.—Telephone and telegraph communication are crippled here and street railway traffic impeded. Press reports were received here by the way of St. Paul from Chicago, the connection between this city and the south being completely severed. The interurban cars between Neenah and Oshkosh are entirely stopped.

## KING EDWARD VII. BARS FROCK COATS

**He Says England is Not a Republic—In the Future Uniforms Must Be Worn.**

London, March 21.—King Edward is becoming more and more exacting concerning the formalities on State occasions. A few hours before the reception of a recent deputation his majesty asked the Lord Chamberlain what dress they should wear.

"Frock coats, your majesty," replied the Lord Chamberlain.

"For the last time then," said King Edward: "In the future uniform or court dress must be worn. This is not a republic."

At St. James' Palace this afternoon King Edward in a field marshal's uniform, received between forty and fifty deputations from various parts of the kingdom bearing addresses of condolence and congratulation. His majesty made an acknowledgment to the general body, but separate replies to the Freemasons and to the deputation from Trinity college, Dublin. The Duke of Connaught presented the Freemasons' address.

## Leaves \$55,000 to Institutions.

Minneapolis, Minn., March 21.—The will of the late Margaret A. Pillsbury, widow of ex-Mayor George A. Pillsbury, has not been opened, but it is known that she bequeathed \$20,000 to Pillsbury academy at Owatonna, Minn.; \$25,000 to Margaret Pillsbury hospital at Concord, N. Y., and \$10,000 to the Northwestern hospital of this city.

## RUSSIA DOES NOT EXPECT ANY WAR

**Czar Says Tien Tsin Affair Was a Common Place Incident.**

## IT WILL BE SETTLED

**Gen. Wojack Peremptorily Orders Withdrawal of the British Troops.**

## HE ALSO DEMANDS APOLOGY

London, March 21.—The official announcement that the Russo-British dispute has been settled was made today by Lord Lansdown. Russia and England agreed to withdraw their troops from the disputed territory at Tien Tsin and reserve the question as to who has the right to the title of the land for subsequent examination.

St. Petersburg, March 21.—A semi-official not issued today says: "A common place incident has been terribly exaggerated by the British press until it has almost assumed the gravity of a casus belli. It was entirely due to the forceful manner in which the British tried to obtain possession of disputed land th at the Russian government found it necessary to order energetic action taken. The matter is manifestly a question for diplomatic treatment and this government has no doubt that it will be amicably settled."

Tien Tsin, March 21.—The situation is unchanged this morning except that the British outposts have been called in.

## Back Down or Fight.

London, March 21.—Humiliation or war is the alternative given by Russia to great Britain, according to a dispatch from Peking.

The czar's military representative at Tien Tsin, says this dispatch, has not only demanded withdrawal of the British from the disputed railway siding, but also insists an apology for the removal of the Russian flag therefrom.

That no apology will be given is forecasted in the announcement that British troops are being hurried to the scene. Hence it looks this morning more than ever like war.

## Japan Is With Britain.

Should hostilities open, the czar will undoubtedly find Japan at the side of Great Britain, not only ready but eager to strike their mutual foe. The mikado, as was asserted early last week would be the case, is mobilizing his fleet off the coast of Korea, and a clash of arms at Tien Tsin is more than likely to be echoed on the sea.

That Russia is preparing for this contingency is plain. All of her warships in Japanese waters, Tokio reports, have sailed for Korea, and it is not doubted that they are under orders to be ready for hostilities at any moment.

While war grows in the orient the hopes of the Boers correspondingly rise, as Russia would prove a powerful ally.

## Crisis Is Reached.

Japan is now menacing Russia on the sea off Korea, and Great Britain is hastening re-enforcements to Tien Tsin, while the czar is retreating by threatening British supremacy in South Africa.

Evidence rapidly accumulates that the little railway siding in Tien Tsin is more than likely to become a casus belli. Mutual threats of violence have stirred the amour propre of each nation, and the matter has reached such a stage that one or the other must back down, either now or after diplomatic delay, or war at no distant day must inevitably ensue.

## On the Brink of War.

Tien Tsin, March 21.—The two great empires, Russia and Great Britain, now seem to be upon the brink of war. General Wogack, acting upon the instructions of the Russian imperial government, has made a formal demand upon General Campbell for the withdrawal of the British troops from the disputed territory. He has further demanded an apology from the British commander for the alleged trespass of this force.

General Wogack has received acknowledgment of the receipt of his demand, which it is understood is couched in language which resembles an ultimatum.

## Warships Are Mobilizing.

Shanghai, March 21.—A dispatch to the China Gazette from Tokio, March 20, says that all the Russian warships in Japanese waters have sailed for Korea, and that the Japanese squadron is mobilizing for immediate departure to the Korean coast.

## MAY HAVE TO GO AROUND BELOIT

Report on the Proposed Delavan Lake and Janesville Road Conditions as They Appear.

W. H. Clough of Ellyria, Ohio, appeared before the common council at Beloit Monday evening and made a statement to them concerning the proposed Delavan Lake and Janesville Electric Railway company. He stated that he wanted to put in a first-class system connecting Rockford, Beloit and Janesville, and would locate the power house of from 1,000 to 2,000 horse power in Beloit.

He also presented the report of Mr. W. E. Davis, the expert engineer of the Cleveland Construction Company, portions of which may be of interest to the citizens of Janesville, and are as follows:

The distance between Rockford, Beloit and Janesville is thirty-two miles.

The general conditions for the construction of a line between the points named are favorable. An undulating country traversed by several small streams and well adapted to cultivation. Between cities, well settled by apparently an industrious and unusually intelligent class of farmers. The population of the cities consist of a class above the average in industry and social life, and exempt from foreign element.

In each of the three cities the working classes consist of what may be termed high grade mechanics and commanding proportionate wages, sufficient to enable them to enjoy privileges met with in very few cities of similar size.

An urban line is one of these conditions which will not for many years to come be able to pay expenses even though operated in connection with the inter-urban line as proposed. Until these conditions are complied with the citizens of the city of Beloit will undoubtedly offer objections, possibly insurmountable to the granting of the franchise desired.

If the conditions are prohibitive would advise the construction of the inter-urban line beyond the city limits as I am given to understand that such location can be made within 1,500 feet of the very center of the city and still be beyond the boundaries of the same. By this route it is my opinion that outside of whatever freight revenue may be created later the line will receive nearly if not quite as much inter-urban business as through the streets of the city as before cited.

The location of the power house at Beloit has been agreed to as one of the conditions of a favorable franchise. By the employment of the alternating current high tension system of distribution there is no choice between this place and Rockford, Ill., or Janesville for such generating station. Said location to be entirely dependent upon the amount of power that could be sold for manufacturing or railroad purposes, electric light or other sources of income.

This feature should not be lost sight of in the proposed franchises as being a very great factor to induce manufacturing concerns to locate and to have the advantages of extremely cheap power.

The report suggests an inter-urban service of every half hour eight months in the year and every hour the other four months. The distance from the center of Rockford to the center of Janesville is thirty-two miles and this should require one hour of time, which means a possi-

bile speed of sixty miles an hour. The line should cost \$800,000.

Mr. Clough also extended an invitation to the members of the council to visit Cleveland and inspect the inter-urban roads in the state of Ohio, to see what they are doing and judge for themselves whether they are a detriment or benefit to places the size of Beloit. The invitation was accepted and the committee left last evening on their trip.

## AMUSEMENT NOTES

Dave B. Lewis' big production of "Uncle Josh Spruceby" will be seen at the Myers Opera house Tuesday, March 26. A carload of special scenery, two big bands, a solo operatic orchestra and a company of thirty-five people are some of the features promised and many novel specialties will be introduced. The play this year is handsomely staged and a splendid company of acting people has been engaged for the production. The great sawmill scene is introduced with all its startling realistic effects, among other special scenery carried by the company.

There are musical numbers enough in the burlesques offered by the "Gay Masqueraders" which will come to the Grand Opera house tonight to supply several comic operas. While the majority of them have been specially written for the company, several popular successes are also rendered. Among the latter are the pretty coon symphony, "My Drowsy Babe," and the rousing march song, "Marching to the Music of the Band." A large chorus of pretty girls is much in evidence in the farcical concoction, "The Belle of Frisco," as well as the burlesque absurdity, "A Snap Shot."

"Try a package of Mrs. Austin's Wheat Food for breakfast, delicious for dessert, sure to delight."

## RICHARDSON HAD NO OPPOSITION

Result of the Republican Caucuses Held in the Various Wards Last Night.

Outsiders had very little show at the republican caucuses last evening. The present incumbents of the offices were renominated or had their delegates to the city convention chosen.

Mayor Richardson had no opposition and City Clerk Badger's delegates were chosen in every ward.

There were no close contests for the office of alderman although in the First ward Alderman Rice and H. L. McNamara were the contestants and both did some hard work.

Rice was the winner by a large margin. In the Third ward opposition to Alderman Gilkey was developed late in the game and looked for a time like it might be dangerous.

The returns show however that he still has a large number of friends in the ward.

The men nominated last night by the republicans are the pick of the city and all have the confidence and support of the people. Many of them have already held city offices and have made records that they are proud of.

The others are business men who are well known to the people of the city and if elected to office, as no doubt they will be, will give the city an administration that all may be proud of.

The nominations by wards were as follows:

First Ward. Badger 180, Potter 40. Delegates—James Shearer, S. B. Hedges, H. L. McNamara, A. F. Rice, E. M. Calkins, W. F. Carle, I. A. Whiffen, C. W. Dailey.

THE SOCIAL CLUB  
GIVE A SUPPER

The regular monthly supper given under the auspices of the Social club of the Congregational church in the church parlors last evening, was one of the finest ever served. So high in repute do the Social Club's suppers stand that even the disagreeable weather did not have any effect on the attendance and over two hundred people were served.

The menu was elaborate and of excellent quality, while the efficient corps of waiters, ladies and gentlemen, gave admirable service.

After the supper the crowd adjourned to the Sunday school room upstairs, where as is customary, the club's social session was held. The nature of the gathering last evening was a fakirs' festival, a novel entertainment which did not interfere with the sociability and caused much amusement, the promotion of which is the main object of the club.

The band of fakirs was a large one, although several gentlemen who had expected to participate were unable to do so on account of the political caucuses which were held last evening. The street band was as present however, and the bootblack did quite an extensive business. The street singers carried off the honors of the evening and the vendors of popcorn, candy and apples enjoyed a liberal patronage, while many of the spectators had their future disclosed by the two pretty fortune tellers.

Mrs. C. E. VanDeusen of Kilbourn City, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These tablets are for sale at People's drugstore & Klog's Pharmacy. Price, 25 cents. Samples free.

Was a High Roller. Newark, N. J., March 21.—Charles L. Roller, who is reported to have disappeared recently after swindling the business men of Newark out of \$100,000, has been arrested at Los Angeles, Cal. He managed to raise the \$100,000 by means of notes, some of which are declared to be forgeries.

Cyclone at Sterling, Ill. Sterling, Ill., March 21.—A cyclone five miles north of here wrecked twenty farm buildings, two school houses, one church, and killed a number of cattle.

Dyspepsia 20 Years

Could Eat Only Stale Bread—All Else Caused Distress.

"I have derived so much benefit from Hood's Sarsaparilla, after having been a sufferer for more than 20 years from a bad stomach trouble, that I would like to tell about. For years I was obliged to live on stale bread and the juice of beefsteak. I had a great deal of inflammation and gastric trouble and was twice at death's door. A friend told me of Hood's Sarsaparilla and I decided to try a bottle. I derived so much benefit from it that I got three more, and after taking them I felt that I was entirely cured. I am now 85 years old and enjoy excellent health for one of my years, but every spring I take a bottle of Hood's so that I may feel strong and well during the summer, and I recommend it to anyone who suffers from dyspepsia or indigestion." Mrs. A. G. MARSON, 12 Mason Street, Salem, Mass.

All Run Down—Torpid Liver.

"Every spring I suffer from torpid liver and the debilitating influence of the change from cold to warmer weather. Last spring found me unusually run down, having nursed four of my children, unassisted, through a siege of scarlet fever. I took Hood's Sarsaparilla and passed through the trying months without any inconvenience whatever. I believe for persons having an inactive liver and poor blood Hood's Sarsaparilla is a good medicine." Mrs. E. B. Gross, Findlay, Ohio.

It is because Hood's Sarsaparilla is Peculiar to itself that it effects such remarkable cures. Try it.

## Exposure

To cold and stormy weather opens the way to an attack of bronchitis. The man on the wagon, be he farmer, milkman or truckman, needs to pay special heed to the first symptoms of weakness or disease of the organs of respiration.

The use of Dr. Pierce's Golden Medical Discovery will cure bronchitis, deep-seated coughs, bleeding of the lungs, and other conditions which if neglected or unskillfully treated terminate fatally in consumption.

There is no alcohol in the "Discovery," and it is entirely free from opium, cocaine and other narcotics.

"For seven years I had been troubled with what the doctors called bronchitis," writes Mr. Arthur Maule (general merchant) of Niles, Mich., "and I had been taken sick with a severe attack. I began taking your 'Golden Medical Discovery,' and I rapidly recovered from the attack and felt no more of it that fall. This season I began taking the 'Discovery' in August, and have so far been perfectly well. I can go out in all kinds of weather and not feel the bronchial trouble at all. Let me say to all who are suffering from such complaints to give Dr. Pierce's Golden Medical Discovery a fair trial, and I am convinced that good results will be obtained."

Dr. Pierce's Common Sense Medical Adviser, paper-bound, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only, or 31 stamps for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

## PALE WOMEN

A Bloodless Face Indicates Trouble.

Watery Blood a Menace to Health.

WE KNOW HOW PALE PEOPLE CAN GET RICH RED BLOOD.

COME AND LET US TELL YOU ABOUT VINOL.

When blood is watery and thin, or, as doctors would say, lacks red blood corpuscles, it is a sign that much is radically wrong.

We would advise everyone who has such symptoms to start at once to take a proper remedy to overcome this trouble.

That remedy is Vinol, the greatest and most modern tonic and re-builder. Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles extracted from cods' livers, the same elements that have made cod-liver oil famous for wasting diseases.

These medicinal elements are dissolved in a delicious table wine so that Vinol is most palatable.

None of the vile-smelling obnoxious grease that characterizes cod-liver oil and frequently makes it an impossible remedy for those who should take it, is found in Vinol.

We could relate many instances where Vinol has done good and restored the roses of health to the pale cheeks of the sufferer.

The following is a fair sample of the way people write in regard to Vinol:

"For several months I suffered lassitude and tired all the time. Also a sinking feeling in my stomach, which nothing would relieve, and I was pale and weak. As an experiment I tried Vinol and if I wrote pages I could not tell all it has done for me."—Mrs. A. K. La Pausch, Amesbury, Mass.

Because we know Vinol so well, and because we know so surely what it will do, and how it will accomplish the good it does in a scientific way, we unreservedly endorse and recommend it, and in every instance guarantee to refund to any one what they pay us for Vinol if they do not find it entirely satisfactory.

**FILIPINO CIVILIZATION.**  
A department of public instruction has been established by the Filipino commission, with headquarters at Manila. The system will be divided into ten divisions, and is intended to cover the whole archipelago as soon as practicable. The English language is to be made the basis of all instruction, and the commission wants 1,000 trained American teachers, at salaries of from \$75 to \$100 per month. An American superintendent at a liberal salary will have charge of the system. The schools will be intensely American, and will be free from church creeds or religious bias. American soldiers will be employed as teachers until the system is thoroughly established. There are thousands of them in the islands, and as the rebellion is practically over, many of them will be glad of an opportunity to plant the first seeds of civilization. The progress made in the Philippines islands should be a rebuke to the class of people in this country, who advocated the doctrine that this nation's work was accomplished when the Spanish fleet was destroyed, and criticised the administration for not ordering Dewey out of the harbor the day after the battle of Manila. The average American anti-expansionist, is but one step removed from a full fledged obstructionist. He may have a head full of theories and a mouth full of dead languages, but he is a poor representative of intelligent American citizenship.

American expansion in the Philippines means not only the dawn of civilization, but in the end the full orb of civilization. Any man who attempts to block the wheels of this kind of philanthropic progress is lacking, not only in appreciation, but in well balanced mental equipment, be he college president or United States senator, and both classes have been mixed up in this sort of obstruction. The Philippine islands came to this country as an unsought inheritance. No intrigue or plotting entered into it. If any one had predicted six months before that the Stars and Stripes would float over Manila, he would have been the laughing stock of the people, and considered a fit subject for an asylum. If Providence ever directed a nation, and made clear the way of duty, it certainly was at the helm from the firing of the first gun until the smoke of battle had rolled away during the last war.

The nation, in the interests of humanity, attempted to liberate Cuba. It accomplished the mission faithfully and well, and with the accomplishment came another people, more oppressed, and more sadly benighted. They are at our doors today, knocking for admission, and yet the anti-expansionist says, keep them out and turn them over to their own devices. That sort of a spirit has no place on American soil. It ought to be colonized on one of the distant islands, and Americanized when we get through with the rest of the natives.

The school system just established by Judge Taft and the commission, is but the entering wedge. It will be followed by American enterprise and capital, and in twenty-five years the country will be transformed beyond recognition. All honor to the men who are working intelligently and faithfully against the powers of ignorance and darkness. They are entitled to every encouragement.

**RULE OR RUIN.**  
It is well for the republican party in the state that it has a conservative senate. The disposition developed in the primary law discussion in the assembly is an evidence of weakness, that amounts to a challenge. These gentlemen have gone out of their way to defy the majority element in the party. They display a disposition to rule or ruin, that is deplorable in the extreme. They know very well that the law cannot pass the senate, and practically say by their action, "Kill it at your peril, and take the consequences." The senate, as well as the people generally, would have considered a trial compromise, but they will not tolerate, or become a party to the spirit of desperation exhibited in the assembly. The bare majority in that body is not a victory. There is no cause for congratulation or applause. It simply means the forcing of an unpopular and dangerous measure upon a party against its will, and better judgment. The contest is not between enemies. There is no common foe, it is not a political measure, but simply a senseless and uncalled for scrap in the ranks of the republican party. If the measure had combined elements of popularity, and there had been reasonable doubt of its expediency as affecting party welfare, it might better have been delayed, but the bill lacks even this merit. It is unpopular with a large element in the party. The cheapest kind of politics is the politics that defies public sentiment, and the cheapest specimens of manhood are the overgrown boys that have never cultivated the common sense to yield a point in the interests of party harmony. The assembly seems to be troubled with a lot of this class of men. Somebody made a mistake when they were entrusted with authority. The republican party has plenty of vitality and will live in spite of a deluded and short sighted element. It is to be deplored however, that needless strife is invited, and to be hoped that wiser counsel will prevail.

It is said that 4,000 of the best people of Texas were out by invitation to witness the mobbing of the negro, Henderson, a few days ago, and that the afternoon was spent in slow torture of the victim, before burning him at the stake. That's civilization with a vengeance. Texas hasn't very much to lose in the way of reputation, when her best people find enjoyment in burning victims at the stake, however black may be the crime. Some of Chicago's enterprising evangelists had better go west.

Chicago may be progressive, but she is fifty years behind the times on boiler inspection. There isn't an inland city in the west that would tolerate for a moment the loose and criminal methods permitted in Chicago, in the care of boilers. The people would be justified if they should rise in their indignation, and demand of the authorities an efficient service. Human life ought to have some value, even in Chicago, but it seems to be cheaper than animal life, at the stock yards.

The Germania, of Milwaukee, is out with a strong editorial, opposing the substitute primary election bill. The paper takes the same ground occupied by all conservative opponents of the measure, namely, that the people should be given a chance to vote on a question of such radical import. The friends of the bill who are so persistent in urging its passage, ought to be able to read the hand writing on the wall. The republican party in the state can hardly afford to antagonize the German element.

She was sixty-nine years of age and the death occurred at the home of her son, George W. Cator, Minocqua, Wis. The deceased woman was well known in this city where she resided for many years, her husband having been sheriff of Rock county for two terms. He still survives and there are left also to mourn her loss one daughter, Mrs. Lulu Davis of Center and five sons, George W. ## SITE WANTED FOR THE NEW LIBRARY

The Library Board Asks For Offers of a Suitable Location.

## PLAN IS ALSO NEEDED

Frank Hutchins of Madison is Called Upon to Assist the Library Commission.

## SPECIAL MEETING LAST NIGHT

At the call of the president, Wm. Bladon, the members of the library board held a special meeting yesterday afternoon at 4:30 o'clock to take the initiative steps in the securing of a site for a new library and in the subsequent erection of the building.

It was decided that preliminary work could be done more quickly by committees than by the board as a whole. Judge Charles L. Fifield, Stanley B. Smith and Mrs. Ogden H. Fethers were made a committee to secure proposals for the site. The committee was left free to proceed in any manner that seemed most judicious, but the selection of a site must be made by the library board and afterwards approved by the city council.

The authority of the committee extends only to the securing of the proposals.

## Wants Offers of Site Made.

In order that his work may be done quickly and with justice to all the committee requests that offers of suitable sites be submitted to them in writing, before six p. m., Wednesday, March 27. Each offer shall describe the land, giving location, number of feet frontage, depth, etc., and the lowest cash price for which it will be sold to the city. No site need be offered that is not centrally located and at least 90x90 feet in area.

Of course a combination offer can be made if two or more owners can bring themselves within the conditions. Also, if the donation of any part of the price is desired, then that fact should appear with the price which the city is asked to pay. Address the letters: "Committee on Public Library Site, Janesville, Wisconsin," and send by mail.

## Want Desirable Plans.

William Bladon, Mrs. A. P. Lovejoy and D. D. Mayne were made a committee to investigate the subject of desirable plans, to decide upon things to be included in the building and to report to the library board their suggestions as to the general plan of the building and the necessary details.

The construction of a model library building is a science and needs the careful thought of students of library needs. Architects as a rule, know nothing of these needs and much of the value of the building depends upon the suggestions given to the architects as a basis for their plans. While the board is extremely desirous of erecting a building that shall be artistic in its architecture, it does not intend that the working value of the building shall be sacrificed for outward ornamentation, as has been the case in many costly libraries. The work of this committee is to study library construction and its suggestions will be submitted to the library board and if accepted, incorporated in the instructions to the architects.

## Frank Hutchins to Aid.

Supt. D. D. Mayne was authorized to telephone to Frank Hutchins of Madison, secretary of the state library commission, and ask him to come to this city to confer with members of the board and make suggestions.

In response to Mr. Mayne's message Mr. Hutchins said that he would gladly be of any possible service and promised to come to Janesville this afternoon. An informal meeting of the board will be held this evening for conference with Mr. Hutchins. Any suggestions which he may make will be of signal value owing to his knowledge of library work.

## Request of F. S. Eldred.

Judge Fifield was authorized to write to Mr. Carnegie or his private secretary, asking for complete information regarding conditions in reference to the building. He is also to ask whether Mr. Carnegie will object to the use of the late F. S. Eldred's bequest.

At the invitation of the library board Mrs. Eldred met with the members yesterday afternoon and expressed herself as desirous of co-operating with the board in the way most acceptable to the members, provided that it did not interfere with the provisions of Mr. Eldred's will. A suggestion was made that it might be possible to have the children's department quite distinct from the main Carnegie library, although it would all be included in one building. This suggestion seemed to meet with general favor and, if feasible, will probably be put into effect.

## Members of Library Board.

The members of the library board are Mrs. A. P. Lovejoy, Mrs. O. H. Fethers, Miss Gertrude Cobb, William

Bladon, Supt. D. D. Mayne, Judge Charles L. Fifield, Stanley B. Smith, Michael Hayes, Horace McElroy and H. L. Skavlem. They are appreciative of the great responsibility which rests upon them and at yesterday's meeting they expressed themselves freely as absolutely without prejudice in the matter of location. They feel that the river has no more to do with it than a street would have and their wish is to serve the best interests of the city and of the library.

## BOYS IN BLUE FEEL GRATEFUL THANKS FROM PHILIPPINE SOLDIERS

Acknowledge Receipt of Books and Magazines From Janesville People—One Signal Corps Sergeant Writes a Personal Letter to Young Lady Whose Name He Found in a Magazine.

Some time ago the public library board sent three large boxes of literature to the United States troops in the Philippine islands. This week letters have been received acknowledging the arrival of the boxes and expressing great gratitude for them.

One of the letters was written at Baybay, Leyte under the date of Jan. 26. It is to the library board and is so sincere in its tone of thankfulness that the members of the board feel more than repaid for their efforts to secure the books and for the genuine labor involved in packing them. Feeling that the letter will be of interest to the many people who so generously responded with books and magazines to the library board's appeal, it is given for publication. The letter reads as follows:

**Pleased Wisconsin Boys.**  
"I am more than pleased to acknowledge the receipt of books and magazines sent us from your library and assure you of the hearty appreciation of all Wisconsin boys in the regiment as well as others who may read them."

"As I stated formerly we have but very little reading matter out here and the arrival of fresh literature creates quite a little stir."

"We especially appreciate the carefulness in packing in that consecutive numbers were sent enabling us to finish a serial. If more literature had been sent to those serving here and less fuss made about the army canteen I assure you there would have been little cause for endless chain prayers intended for the overthrow of Mr. McKinley and less wrangling relative to a canteen of which they can know nothing."

"Thanking you again for your enormous favor and placing myself at your disposal, I remain, yours, most truly,

EDWARD K. MASSU.  
Sgt. Maj., 2nd Batt., 48 Int., U. S. V.  
Manila, P. I.

**A Tinge of Romance.**  
More of a tinge of romance centers around another letter which came to this city in response to the literature. It was a personal letter written to a well known young lady who with a friend, contributed a number of magazines which were sent. Just for the fun of the thing each of the young ladies wrote her name and address in a magazine and sent it forth across the seas, wondering if it would ever be heard from again.

One of the magazines fell into the hands of a sergeant in the signal corps and as a result a local young lady has a photograph of a dashing soldier boy, a fine collection of kodak pictures of the country surrounding his station and a lengthy letter from which the following interesting extract is taken:

Jaro, Leyte, P. I., Jan. 25, 1901. "If a body write a body, asking for a reply, will a body write a body? She

must or he will cry."

"I happened to be the lucky one who found the above pretty poem in a magazine which you so kindly sent to us poor boys away off in the Philippines and the English language does not express my thankfulness for those books. They have helped me to while away the many lonely hours in my office."

"About our camp life now there is not much to tell. We are stationed in this town to protect the people here. The infantry make a trip out into the country and generally get a few niggers and once in a while we lose a man but now on this island the insurrection is nothing more than a rabbit hunt."

"I am not a soldier as you know them, although an enlisted man. I belong to the Signal Corps and our duty is to build telegraph lines and run them. We have three hundred miles of lines on this island and twenty-five telegraph offices. I am in charge of this one here and so don't see much fighting."

**A Few Kodak Pictures.**  
"I enclose a few pictures I have taken here in this town, and as you will observe they are all numbered. No. 11 represents a couple of carabao, the native beast of burden; also the wallow where they stay when not working; also a native house. No. 13 is our barracks and watch tower. Here last Easter Sunday morning twenty-six of us held out against 2,000 insurgents. The insurgents were so sure of victory that they brought along their flag which they were going to raise in place of 'Old Glory,' but by night a fat different story was told. We killed two hundred and buried them and probably one hundred more were wounded and died in the country."

No. 14 shows a Filipino house and owner. This house belongs to the middle class.

**Company of Bolomen.**  
No. 20, a common sight on our streets—a carabao loaded with coconuts; also the native carts—a two wheeled affair roofed over like a house.

No. 22 shows a company of Bolomen captured by our company here. These men are armed with long, sharp knives and are a desperate set, but have a fear of our guns.

No. 24 shows the eastern part of this town. No. 25 is a picture of the poor class and their house. No. 16 is a picture of your humble servant and two of his friends here.

"Well I am sorry not to be able to write more but don't hardly know what will interest you. If you will only write and ask lots and lots of questions I would consider it an honor to answer them. I beg leave to sign myself, Your most obedient servant."

and Mrs. B. F. Blanchard, Mrs. Ella Stout and J. W. Clark of this city, having charge of the work of instituting the lodge.

Mrs. Frank Rancous of Fond du Lac, is the guest of her parents, Mr. and Mrs. E. C. Johnson.

Fresh shrimp, mackerel, white fish, trout, yellow pike and pickerel. W. W. Nash.

We are now showing all the new spring styles in wall paper. Call and see our new patterns, we can save you money. Skelly's bookstore.

Mrs. Lyman Moree held the lucky numbered ticket 62 which claimed the quilt at St. John's supper last night.

Members of the Ladies' Aid society of Court Street M. E. church will meet in the church parlors tomorrow afternoon at 2 o'clock.

W. H. Sargent Post No. 20 G. A. R. has received word that the granite markers, recently ordered for soldiers' graves, have been shipped and will be in the city in a few days. These parties interested in the markers should see that they are placed in position immediately on their arrival.

Don't overlook Rehberg's clothing ad on page 4.

The State Bank of Orfordville, Wis., is responsible and asks a careful scrutiny as to its promoters. Is recommended by four governors and many banks. Pays four per cent. on six months and 5 per cent. on 12 months time deposits.

**FIRE ROUTS SLEEPERS.**  
Flames Destroy Hotel but No One Is Injured.

Kenova, W. Va., March 21.—Fire broke out in the Grand Hotel here at 3 o'clock this morning and the entire building was consumed in less than an hour.

The house was filled with guests and there were some thrilling escapes, but not a person was injured. The structure was built last year and was valued at \$25,000. Almost the entire contents of the building was consumed, entailing a loss of probably \$10,000 more.

The county agents were in session at the county clerk's office today, checking up accounts and looking over the proceedings of the county board.

A Daughters of Rebekah lodge was organized at Monroe last evening. Mr.

## LEGISLATURE IS WORRIED BY DELAY

### DRASTIC MEASURES TO ACCELERATE ACTION ON BILLS.

#### Hard Fight on in Assembly Over Osteopathic Bill—Open Season for Deer is Short Enough—Repeal of Spring Shooting Law Not Probable—Ten Days' Racing Bill Stands No Show

Madison, Wis., March 21.—Great efforts are to be made to accelerate legislative action this week and to gain some work which will look toward a closing of the session. Speaker Ray's warning of Thursday morning is to be followed up with a personal demand on all the committee chairmen that they clear up as many bills as possible during the next few days. The chairmen will be told to get all the unimportant bills in their committee boxes on the floor of the assembly and to arrange for final hearings on all the most important measures. The great length which this session is likely to last is worrying the legislative leaders and if there is not more haste shown in the action on bills this week drastic measures are likely to be adopted to compel action on bills.

**Hard Fight on Osteopathy.**  
The report of the assembly committee on public health and sanitation on the bill licensing osteopaths to practice will be made on the floor of the legislature some time this week. It can now be stated that the committee report will be divided, but whether the majority or minority report will be in favor of the osteopaths cannot yet be known. Which ever way the report comes in there will be a hard fight on the bill in the assembly, but the osteopaths are still very sanguine that it will pass. There have been few more watchful delegations looking after bills at Madison than the osteopaths. If the bill finally becomes a law it will be as the result of the hard work this delegation has done at Madison.

**Open Season for Deer.**  
There has been much comment over the fact that the proposed new deer law shortens the open season for deer five days and it now looks as if there would be opposition to this feature of the bill on the floor of the house. Many members believe that the present open season for deer is short enough and that there is no reason in the world why it should be cut in the slightest degree.

**Repeal of Spring Shooting.**  
The bill for the repeal of spring shooting will be another bone of contention on the floor of the assembly very shortly. There are a great many members, especially from the agricultural districts of Wisconsin, who believe that this spring shooting law should be repealed, and there will undoubtedly be a concentrated effort made to secure the repeal of the measure. In fact it looks very much as if the repeal bill would go by the assembly, although it will probably be killed in the senate.

**Ten Day Racing Bill.**  
It now looks out that running race men are behind the ten day racing bill. If the ten day bill is passed it is said that three running race meets of ten days' duration will be held in Milwaukee this summer. The meets will not be held, however, as there is absolutely no chance that the bill will pass the legislature. The committee on agriculture has already decided to report the bill for indefinite postponement, and this is one of the reports which will reach the floor of the assembly early next week.

**The Legislative Ball.**  
The legislative ball will probably be held on the evening of Thursday, April 11. Some of the members are suggesting the holding of the ball on Friday night, so as to keep the members in Madison for a Saturday legislative session.

Twice Proven.  
From the Vindicator, Rutherfordton, N. C.

The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered, excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. Wabash Will Build Extensions.

St. Louis, Mo., March 21.—The stockholders of the Wabash railroad company held a meeting yesterday and authorized the officers to build a branch from Toledo, Ohio, 57 miles to Montpelier, Ohio, and from Fort Wayne, Ind., 27 miles to Butler, Ind., to purchase the property of any company that may hereafter build along the same route.

Miss Paige Is Still Ill.

New York, March 21.—Mary Paige, the 16-year-old girl, who accuses three Brooklyn youths of drugging and abusing her, was better yesterday, but she was not able to appear in the Adams street police court when the prisoners were arraigned. The young men were held in \$3,500 bail each until next Tuesday.

Re-trothed to Rockford Girl.

New York, March 21.—It was announced in Brooklyn yesterday that Harold I. Pratt, youngest son of the late Charles Pratt, is engaged to marry Miss Harriet Barnes of Rockford, Ill. Miss Barnes is a graduate of Smith college, and Mr. Pratt is a graduate of Amherst. The date of the wedding has not yet been announced.

## DOINGS OF THE LAW MAKERS.

ILLINOIS.

Wednesday, March 20.

Much of the time in the house was given to the fight over the bill which relates to the disconnection of territory from cities and villages. All of the many amendments offered by the opponents of the bill were voted down and the bill was advanced to third reading. The fight will be renewed again when the bill comes up for a vote. The purpose of the bill is to give discretionary power to a city council or village board over the disconnection of territory.

All the meeting of the Knox county board of supervisors at Galesburg the following resolution was unanimously adopted:

"Whereas, We believe the passage of the hard-roads bill now before the legislature would greatly increase our state taxation and create a lien upon our property from which we would receive no adequate benefit, therefore

"Resolved, That this board is opposed to any legislation granting state aid for improvement or in any degree taking from local authorities the care or control of country roads."

Postoffice Safe Robbed.

Oberlin, O., March 21.—The Oberlin postoffice was robbed early this morning.

A young student has charge of the postoffice building, a large two story brick in South Main street, and he was sleeping there at the time of the robbery.

When found this morning he was bound and gagged and lay unconscious in the middle of the postoffice floor. The doctors say he must have been drugged.

The large safe was demolished and the doors of the vault were blown off, but the inside of the safe was left untouched.

The amount of the loss will not be known until the inspector arrives.

Three Men Are Shot.

Cape Town, March 21.—J. P. Minaber, S. Minaber and J. A. Neuwoudt were shot at de Aar last evening for treason and murder in pursuance of the sentence of a court-martial. The death sentence was passed a week ago in connection with the wrecking of a train near Taasbosch, by which five men were killed.

Gen. Kitchener confirmed the verdict. The garrison was paraded and the prisoners were led out at sunset. Death was instantaneous.

A Dutch minister and relatives remained with the prisoners till the end. Two others concerned in the train wrecking were sentenced to five years at penal servitude.

Many Lives Are in Peril.

St. Johns, N. E., March 21.—A furious blizzard has been sweeping the whole seaboard since last night. This morning the sealer Southern Cross, which arrived here yesterday, was forced into the harbor of Perlican, in danger of swamping on account of the heavy load of 26,500 seals on board. Much anxiety is felt for the remainder of the sealing fleet, which must have felt the full fury of the gale. In such event, with over 400 men scattered about the ice fields, disaster might ensue, as only too frequently happens. The anxiety will not be relieved until another steamer arrives with later reports.

Navajos Willing to Return.

Phoenix, Ariz., March 21.—A dispatch from Fort Wingate says that no difficulty will attend the roundup of the Navajo Indians on the Grand Canyon reservation. The Indian police say the Navajos are all willing to return to the reservation. The work of removal will likely begin to-day. A strong force of soldiers at Wingate will be ready if trouble occurs.

Very Low One-Way Rates via C. M. & St. P. R'y.

## A TRYING POSITION

Janesville Readers Will Appreciate This Advice.

A constant itching tries your patience. Nothing so annoying. Nothing so irritating as itching piles or eczema. To scratch the irritation makes it worse, to leave it alone means misery. Some citizens can tell you how to be free from these troubles. Read the following:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itchiness of the skin, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Sold for 50 cents per box by all dealers. Foster-McIlburn Co., Buffalo, N. Y., sole agents for the U. S. Also on sale at King's Pharmacy.

Remember the name, "Doans," and take no other.

#### "MOTHER'S FRIEND"

(that marvelous liniment) is unique in relieving and relaxing all the strained tendons and muscles, as well as the distended organs. There is nothing like it.

MRS. LUCINDA PASCHIEL, Lamberton, Ark., proves the above statement when she says: "I have had six children and was always in labor from twenty-four to thirty hours. This time I used only one bottle of 'Mother's Friend' with my seventh child and was in labor only about four hours. 'Mother's Friend' is just what it is recommended to be. I will never be without it again."

Sold by all best druggists or sent by express prepaid on receipt of price, \$1.00 per bottle. Book, "Mother's Friend," written for women of all ages, mailed free.

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.
